Our Plan of Action

Step 1 - Brainstorm

Complete the sentences below to articulate your team’s collective thinking. Use sticky notes to get your ideas flowing. Be ambitious, but also encourage everyone to be practical and honest about any gaps or problems they see.

Step 2 - Summarize

Look back at your earlier Capstone activity answers and ask yourselves these questions:

- How have your ideas changed over the course of the design process?
- How has your original Bold Idea evolved?
- What do you need to prioritize to implement your school design?

Our Implementation Priorities	
<p>The fundamental elements of our new or redesigned school will be...</p>	
<p>To achieve those, we will need to prioritize...</p>	
<p>Challenges and hurdles we expect to encounter include...</p>	
<p>To get the implementation process moving in the short term, we need to...</p>	
<p>To build commitment and buy-in over the long term, we need to...</p>
